Your transfer between investments

Interfund transfers will be processed using the next available unit value*. Unit values are declared after the market close each business day. Interfund transfers received after 4:00 pm EST will be processed using the unit values declared at the end of the next business day.

* All transactions involving funds that invest primarily outside of North America will be processed on the second business day. This allows for time zone differences and ensures that unit values reflect the most current market activity.

Transfer minimum of 5% per fund, whole numbers only. Total of all funds being transferred must equal 100%.

Please enter the fund code for all funds. Fund code names and details appear online at www.manulife.ca/GRO or in the Group Investment Report. Investments transferred from the Guaranteed Interest Accounts (GIA's) before maturity may be subject to a market value adjustment. A 2% frequent trading fee may apply to interfund transfers into a fund, then out of the same fund within 15 calendar days.
