

Directory of Licensed Early Childhood Programs

**Education and Early
Childhood Development**

Revised April 2009

Directory

of

Licensed Early Childhood Programs

Information contained in this directory
was compiled in April 2009.

To obtain names of any new centres
which may have opened since then, please call
the Department of Education and
Early Childhood Development at 368-6513 or 569-7528.

*Personal information in this booklet was provided by
owners/operators of licensed centres under Regulation 2
of Prince Edward Island's Child Care Facilities Act and
Regulations to be used for advertising a registry of licensed
programs. If you have any questions about this collection of
personal information, you may contact the Child Care
Facilities Board, Department of Education & Early
Childhood Development, 902-368-6513.*

Introduction

This directory has been prepared in order to provide families with basic information about licensed early childhood programs. The descriptions provided should help parents narrow down their choice of a centre with respect to location, suitable hours, age group served, etc.

Parents, however, are urged **not** to make a choice based solely on the information contained in this directory. It is extremely important to visit each potential centre in order to get a sense of the centre's atmosphere, meet the staff, see how they interact with the children, etc.

A Guide to Quality Childcare is available for parents. This guide provides parents with some questions to ask when selecting a program for their child. For a copy of the guide, call the Early Childhood Development Association at (902) 368-1866 or go to the website at www.earlychildhooddevelopment.ca (Parents/Child Care Choices).

Types of Centres

Type I Centres

Early Childhood Centre: “ ... a facility whose primary objective is to provide an early childhood development program emphasizing age-appropriate activities.”

Early childhood centres include:

- full or half-day programs for mixed age groups
- 3 hour program for 5 year olds
- half-day program for 3 to4 year olds

Type II Centres

Day Care Home: “ ... a facility in a private residence whose primary objective is to provide relatively informal care emphasizing family-oriented activities for children.”

School Age Child Care Centre: “ ... a facility that operates outside of school hours and provides a relatively unstructured program emphasizing supervision and recreation for school-age children.”

Early Childhood Program Policies

Information regarding specific policies of licensed early childhood programs have not been included in this directory. Parents are urged to discuss these matters with each centre being given their consideration.

In general, policies at child care centres tend to be fairly consistent. A parent could typically find the following:

- payment is required for all statutory holidays
- payment is required for storm days
- payment is required for sick days; centres will usually negotiate an alternate arrangement in cases of extended sick leave
- most centres allow a fixed number of vacation days (payment not required) per child per year; advance notice is usually required
- two weeks’ notice is required if a child is to withdraw from the centre; if notice is not given, payment of two weeks’ tuition is required
- full day rates (day care) range from about \$120 to \$130 per week for 2 to 6 year olds; \$130 to \$200 per week for children younger than 2 years
- kindergarten program is covered by the Department of Education & Early Childhood Development (see page viii).

Child Care Subsidy Program

The Child Care Subsidy Program is administered by the Department of Social Services and Seniors in order to help parents with the cost of licensed child care. Full or partial subsidy is available.

Subsidies are used to pay tuition costs for early childhood programs licensed by the Child Care Facilities Board. This includes early childhood centres, family day-care homes, and before-and after-school programs.

Any Island family needing a licensed program may apply. Reasons for placement include:

- Parents working or in training programs
- Special needs of the child
- Children at risk
- Emergency medical needs of parents

The amount of subsidy, however, depends on the net monthly family income, and is determined by a Sliding Scale Income Test based on family size.

If your child is already enrolled and attending a licensed early childhood program, you may still be eligible for subsidy. Application does not have to be made before a child enrolls at a centre.

Application for subsidy may be made at your nearest Department of Social Services and Seniors office. Verification of income is required.

For more information, contact the Day Care Coordinator whose name may be found on the first page of your county listing.

Kindergarten Program

The Provincial Government under the leadership of the Department of Education & Early Childhood Development is responsible for core funding, curriculum and policy development of the provincial kindergarten program. A core program has been defined as 3 hours a day (2.5 hours of instructional time), 5 days a week or equivalent for their year prior to school entry.

Kindergarten is an optional program for Island families.

When is a child eligible for kindergarten?

A child must be 5 by December 31st to enter kindergarten.

How to Register:

Make contact with the kindergarten program of your choice to register your child.
