

Manulife Mobile App - Descriptive Transcript

(Opening screen shows the Manulife logo animated sequence)

Happy music fades in.

Introducing Manulife Mobile.

(Phone enters screen. Turns on with app open.)

With the Manulife Mobile app, ...

(Phone with app open)

...you can keep your financial future and retirement goals as close as your smartphone or tablet.

(Zooms into screen and different ideal retirement settings pop up)

A fast and easy log in allows you to access your plan details anytime, anywhere.

(Transition back to phone with login page open. Animate text of login credentials being entered. Roll background horizontally as login is being entered to show different settings.)

See how your money is doing by checking your account balances, latest transactions and annual contributions.

(Fade out background and switch to app menu view on phone. Flip through different screens as script mentions them.)

Have a spare moment? Try our tools and calculators to plan your future on the go!

(Switch to tools menu and highlight different available tools. Transition in road background.)

If you have a Manulife Group Benefits plan, you can also access that through the Manulife Mobile app.

(Transition out road background. Screen switches to benefits submission view.)

Manulife Mobile is FREE, convenient and easy to use.

(Screen switches to retirement account balance view. Ribbon reticle pops up with fun, animated spinning ribbon and checkmark animates in.)

Download your future today.

(Screen switches to logo and app store buttons. Background transitions to people cheering.)

(Manulife outro sequence plays with the disclaimer in the bottom left.)

Music fades out.
