

Contribute to your RRSP and TFSA with online banking

Here's another way to contribute to your Group RRSP and TFSA easily - Using online banking!

Online banking

If your plan allows additional lump sum contributions, all you need to do is select one of these payee names - available at most major banks:

- **Manulife - Group RRSP Member** to make a lump contribution to your Manulife Group RRSP
- **Manulife - Group TFSA Member** to make a lump contribution to your Manulife Group TFSA

Simply add the payees listed above to your payee list. To send a contribution, you will be asked to provide your customer number – use your member number which you'll find under your **personal information** section on the second last page of your statement.

To contribute to a spousal RRSP, you can select the **Manulife - Group RRSP Member** payee to make a lump sum contribution if your plan allows. Spouses cannot contribute to their own spousal account.

Your contribution will be sent to Manulife within two business days for processing.

If you're not using paper and already sending your lump sum contributions online through the VIP Room, continue sending them that way!
